All salaries shall be paid in twelve equal monthly installments except as otherwise herein provided; and all employes may receive board except when otherwise stated.

When a necessity exists for additional help at any of the eleemosynary institutions, the superintendent of the institution where such need exists, on the written approval and consent of the Board of Control, may employ such additional help, and pay for same out of any local or pay patient funds, or out of the support and maintenance appropriation, of such institution; provided that no salaries for such additional help shall be paid in a larger amount than the regular appropriated salaries for similar positions at such institution or similar institutions, and that none of said funds shall be used to supplement or increase any salaries specifically fixed by the Legislature.

No property belonging to any one of the above institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, and from the sale of crops and pay patient funds, shall become a special fund to be expended under the direction and approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said special funds, for purchase or otherwise, such amounts as may be necessary to equip each of the above institutions with radio, loud speakers, and talking picture machines, including necessary equipment, for the entertainment and diversion and therapeutic improvement of the patients and inmates, and a complete statement of all such transactions shall be made in the annual report of said institutions.

The appropriations herein provided for are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditure shall be made, nor shall any obligations be incurred, which, added to the actual expenditures will exceed the amount herein appropriated for either of said purposes.

If any work be not done or the place not filled by the appointment of a person, for whom a salary is herein fixed, then such salary shall lapse and be returned to or left in the State Treasury; provided, that no person for whom any salary is herein fixed shall be allowed to draw more than the amount of such salary from any other salary or amount herein fixed, or from any fees authorized to be charged, or from any State fund or funds under the control of the governing authority of such particular institution; and provided that if amount herein fixed for any particular purpose be not used for such purpose, in whole, or in part, the unused portion of such fixed amount shall be returned to or left in the State Treasury; provided further, that this language shall not be construed to prevent promotion, or the transfer of one employe from the position for which employed, having affixed thereto one salary, to another position having affixed a different salary.

When, under this bill, the family of one superintendent, officer or employe of any of the said institutions, are permitted to live at said institution, and furnished with board, fuel, lights, laundry, water, housing, or furnished any of said things, the word "family" shall be construed to mean the immediate family of said superintendent, officer or employe, including himself, wife, and legally dependent children, and when any officer or employe is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper and accountant to charge said superintendent, officer or employe with each item of provisions as furnished him, showing the price of value thereof, and said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control, and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor; provided, the Board of Control shall authorize one of the cooks provided in the acts to be assigned to the superintendent's quarters.

And it shall be further provided that the heads of all said institutions hereinbefore mentioned shall keep a record of the absences of various employes and the reasons therefor, whether from sickness, vacation, or leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said institution.

Provided, that all new buildings authorized by this act, costing more than \$10,000 and for which appropriations are hereby made, except as otherwise provided, shall be of fireproof construction.

The amounts appropriated in this act are intended to cover and shall cover the entire cost of the respective items; and shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation was made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of an appropriation for one position shall be paid to any person holding any position other than that for which such appropriation was made; and it is especially provided hereby that all contracts and undertakings entered into under and by virtue of the terms hereof, for improvements, enlargements, and repairs on buildings and grounds, and for the construction of new buildings and for furnishings and equipment of buildings, shall be made strictly within the limits and terms of the appropriations made for such purposes, and it shall be the duty of the Board of Control of the various institutions, in the consideration and adoption of plans, specifications and contracts therefor, not to exceed such appropriations nor to incur any obligations in excess thereof. It is provided, however, that the superintendents of said institutions, under the direction and upon the written approval of the State Board of Control, shall be authorized to make such changes and substitutions within the totals appropriated for maintenance and miscellaneous items, and repairs and improvements, excepting new buildings, as may be found necessary, the total sum not to exceed the total amount appropriated for such purposes.

It is provided that none of the money herein appropriated for the State Tuberculosis Sanatorium shall be used to treat any person who has not been a resident bona fide citizen of Texas for at least three years; provided, however, that this provision shall not apply to any child born in the State of Texas.

It is further provided that the expenditure of all money herein appropriated for the maintenance and welfare of the Alabama and Coushatti Indians in Polk county shall be under the direction of the Board of Control, and that all employes, except as otherwise provided, shall be appointed by and be under the supervision of said Board of Control.

Any superintendent of any of the foregoing institutions named in this bill, for which an appropriation is made herein, or any other person charged with the duty of disbursing the funds appropriated herein, who shall knowingly violate any of the provisions of this act shall be deemed guilty of official misconduct, which shall be, and the same is hereby made, a ground for the removal of such person from office.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State eleemosynary institutions for the two fiscal years beginning September 1, 1931, and ending August 31, 1933, creates a necessity for the expediting of the passage of this appropriation bill, and an emergency and an imperative public necessity which demands that the constitutional rule requiring bills to be read on three several days be suspended, and that this bill become effective from and after its passage, and it is so enacted.

TO CORRECT CERTAIN BILL.

The Speaker laid before the House, for consideration at this time, the following resolution:

S. C. R. No. 60, Relative to House bill No. 251.

Whereas, An amendment was added to House bill No. 251 imposing a tax on every person engaging in the business of buying and selling cotton and/or grain, live stock or any other agricultural product; and

Whereas, An amendment was made to said amendment, and the amendment was adopted to said amendment, striking out the words "and/or grain, live stock or other agricultural product"; and

Whereas, Another amendment was adopted striking out the words "and selling cotton," which will leave nothing in said original amendment, known as Section 8a by Mr. Poage, except the machinery for collection, but no tax was imposed; now, therefore, be it

Resolved by the Senate of the State of Texas, the House of Representatives concurring, That the Enrolling Clerk of the House be, and she is hereby, instructed to strike out all of Section 8a by Mr. Poage of said bill.

Any remaining space in said building shall be allotted by the State Board of Control for the use of the other departments of the State government until such time as the Highway Commission may need additional space, at which time upon request of the State Highway Commission the Board of Control shall vacate the necessary space to be used by State Highway Department. Provided also, that the Board of Control and the State Highway Commission shall act jointly in the planning and erection of the State Highway Building. The Board of Control shall designate and provide sufficient ground upon which to erect said building on the location now occupied by the old Travis county jail.

"Provided, however, that the direction that the said building shall be constructed at Austin, Texas, shall not be mandatory if the Legislature, before construction is begun should, by proper resolution, authorize its construction elsewhere.

"Provided, that the above and foregoing amounts appropriated herein for the State Highway Department shall be paid out of the State Highway fund upon warrants issued by the State Comptroller, as provided by Chapter 190, General Laws, Regular Session, 1917, and amendments thereto; provided, further, that all funds or balances of funds on hand September 1, 1931, and all funds coming into the State Highway funds, and derived from registration fees or from other sources, after deducting the total of the specific appropriations herein made, are hereby appropriated to the State Highway Department for the establishment of a system of State Highways and the construction and maintenance thereof, as contemplated and set forth in Chapter 190, Acts of 1917, and all acts or amendments thereto.

"There is hereby appropriated out of the State Highway funds (which amounts of such several salaries shall be charged in the proper proportion to the several construction projects under construction from time to time in the various highway divisions or districts), the following amounts for each of the years of the biennium: \$75,600 for the salaries of eighteen division engineers, none to exceed \$4,200 per year; and \$86,400 for the salaries of thirty-six maintenance superintendents, none to exceed \$2,400 per year.

"There is also hereby appropriated out of the State Highway fund, and the Highway Commission is authorized to use sufficient funds out of the State Highway fund to pay for equipment and all reasonable and necessary expenses, including traveling expenses, for the proper functioning of said State Highway Patrol, including the establishment and maintenance of a training school for State Highway patrolmen, and to pay for salaries for not exceeding 120 State Highway patrolmen, in which shall be included

Tax exemption certificates shall be used in all cases where the State is exempt from the payment of government tax under Federal provision. The State Comptroller shall be governed accordingly in the issuance of warrants covering payment for railroad scrip books and other forms of transportation.

Provided, that a report shall be made annually by each of said departments or agencies and filed before November the first after the close of the fiscal year, with the Comptroller, and a copy thereof filed with the State Board of Control, giving an itemized statement of all moneys paid out and showing what particular appropriation or fund said money was taken from; including an itemized statement of all purchases or contracts which have been made and remain unpaid at the close of the fiscal year, together with a statement showing the full amount of money taken in from all sources during the year. Said report shall show what disposition was made of such fund or funds, and if any surplus remains on hand at the end of any fiscal year it shall be so stated in said report. Said report also shall list the amount expended from regular appropriations, or any other funds, for traveling expenses by each employe or any other person connected with such department or traveling under its direction, including the hire of automobiles privately owned by such employe, together with the rate of payment for the use of such privately owned automobile; the amounts expended for the purchase of automobiles, and all expenses for gasoline, oil, repairs, parts and supplies for all automobiles owned by such departments or agencies; and the total amount expended by such department or agency for all traveling expenses. Provided, further, that such reports shall be filed quarterly if the Board of Control hereafter determines that a necessity exists for more frequent filing of such reports.

Provided, that no department included in this act shall use any of the means or funds appropriated to such department, either directly or indirectly, for the purpose of sending out literature, propaganda, letters or bulletins, or any other matter, printed or written, or that will influence, or tend to influence in any way the election of any candidate for office or the passage or repeal of any law or appropriation affecting any department included in this bill; and provided further, that no stenographer or clerk whose salary is paid from public funds or who is employed in any way in any department included in this act, shall in any way, be used or employed in preparation of or mailing out of, or in any way handling such literature, propaganda, letters or bulletins, or any other matter, printed or written, that will influence, or tend to influence, in any way the election of any candidate for office or the passage or repeal of any law or appropriation affecting any department included in this act, and no such work

shall be done or performed in any of the offices or rooms of the Capitol or other State buildings, nor shall any long distance telephone calls or telegrams be paid out of this fund.

Provided, that of the money appropriated herein for stamps none shall be spent except on vouchers made payable to a United States postoffice, so long as State is on a cash basis and shall be endorsed by such postmaster.

Provided, that all printing and stationery of the various departments for which appropriations are herein made shall be purchased through the Board of Control, and shall be confined to such articles and qualities as selected and contracted for by the Board of Control, except the actual printing done at the State Prison for the Prison System.

Reasons for Vote.

In voting against the acceptance of the report of the free conference committee on the educational appropriation bill, we did so for the following reasons:

1. The House went on record as favoring economy and the reduction of the expenses in the government of the State. The committee report shows no reduction; but, on the other hand, it shows an increase.

2. The House voted for a reduction in the salaries of certain classes of employes in the educational budget and the conference report shows no reduction in any salary, but an increase in several instances, which un-

doubtedly were deserved, but which, nevertheless, were contrary to the expressed sentiment of this body.

3. In view of the proposed economy program, we did not feel that this was a proper time to expand the activities of the institutions of higher learning, especially in the creation of additional facilities for graduate work and duplication in research. The conference report has placed many additional persons in the faculties and upon the payrolls of the educational institutions, which we deem contrary to the economical interests of the State.

4. The House, by floor amendment, deleted all new constructions, with the exception of two small buildings, to-wit, a \$40,000 hospital at the College of Industrial Arts and a \$25,000 museum at the West Texas State Teachers College at Canyon. The free conference report added \$890,000 worth of new constructions in educational buildings, libraries, auditoriums, health buildings, etc., which we think could be deferred until some later date, when the general revenue would be in better condition. These buildings were authorized in spite of the fact that the testimony presented by the heads of the various institutions indicated clearly that there would be no anticipated increase in enrollment in these institutions.

The House committee voted, by a vote of three to two, to accept the present conference report, which is over \$1,600,000 in excess of the bill approved by the House. We, your minority on the free conference committee, endeavored to compromise this amount in various ways, but were unable to make any progress and for the above reasons set forth have refused to sign the report of the free conference committee and shall vote against its acceptance by the house.

KAYTON,
FORD.

I voted for these appropriation bills not as a matter of approval but because I realized that the lateness of the session prevents the reduction to any appreciable extent. The only relief is in the Governor's office. By virtue of the message yesterday, I know the Chief Executive will do his duty. And at the coming special session the Legislature will be squarely confronted with its evident duty of

confining the appropriations within the sum total of the available revenue.

PETSCH.

I am voting against the adoption of this free conference committee report because said report, being in fact the educational appropriation bill, is grossly violative of that provision of the State Constitution which forbids the imposition of burdens on the people except for the purpose of raising sufficient revenue to economically administer the State government. The bill is not in the line of economy, but, on the contrary, is grossly extravagant.

SMITH of Wood.

My reason for voting for free conference report on the educational bill is that it is within \$19,000 of last year, and feeling that the close of this session is at hand therefore the Governor can easily veto some item that will bring the appropriation within last year and hurt nobody.

JOHNSON of Morris.

The House went on record in favor of reducing the appropriation bills. The appropriations for new buildings for State institutions were eliminated, salary reductions were approved and other items reduced; all in the interest of the economy made necessary at this time by existing conditions.

The Senate refused to concur in the action taken by the House. The conference committees have presented reports which restore many items eliminated by the House and which reports are objectionable to many members of the House. The House members of the conference committees appear to have found it necessary to yield to the Senate demands or face the prospects of having no appropriation bills at this session.

On account of the near approach of the end of this session, many of us are faced with the alternative of either voting to adopt the conference reports or rejecting them and thereby producing the necessity for a called session of the Legislature. There is no opportunity to amend the conference reports; they must either be accepted as a whole or rejected as a whole.

In this dilemma it appears the better part of wisdom to adopt the conference reports. In doing this we do

not recede in any degree from our opinions that the objectionable items should be eliminated and the appropriations reduced to the lowest minimum consistent with a proper regard for the public welfare.

We have no thought of shifting our responsibility to the Governor. On the contrary, should he, in his wisdom, veto the appropriations for new buildings, new positions, and other unnecessary items, we cheerfully approve his action in doing so and accept our full share of the responsibility involved in vetoing the items which the House has heretofore at this session disapproved, and which have been restored to the appropriation bills by circumstances which we are powerless to prevent without contributing to the necessity for a called session, and even then without any assurance that the evils will be corrected.

Mr. Keller moved to reconsider the vote by which the motion was adopted, and to table the motion to reconsider.

The motion to table prevailed.

PROVIDING FOR CHAIRMAN OF APPROPRIATION COMMITTEE TO REMAIN IN AUSTIN.

Mr. McGregor offered the following resolution:

H. C. R. No. 76, To permit chairman of Appropriation Committee to arrange to remain in Austin.

Whereas, The tremendous volume of labor which has been imposed during this session upon the Appropriation Committee of the House and the Finance Committee of the Senate has been so great that said Committees have been unable to entirely finish their labors and to gather up the details of unfinished items of appropriation which probably should have been made by the Legislature; and

Whereas, The information leading to these appropriations is practically all available in the records of said Committees and can be digested and studied and gotten in proper shape to submit to a Special Session of this Legislature; and

Whereas, The attending to such matters by the chairman of said respective Committees immediately upon the adjournment of this Legislature would greatly expedite the handling of such matters and a great saving to the State; therefore, be it

Resolved by the House of Representatives, the Senate concurring, That the chairman of the Appropriation Committee of the House and the chairman of the Finance Committee of the Senate be requested to remain in Austin for at least thirty days after the adjournment of this Legislature, unless their labors are finished sooner, and to compile and digest all such items which have been pending before said Committees, and which were not finally disposed of, and, if necessary, in the judgment of the respective chairmen, it is deemed necessary to hold a meeting of said Committees, that the respective chairmen shall have the authority to request members of the said Committees to meet in Austin for such time as the chairmen may deem necessary in order to carry out the work of the two Committees, and to make a report thereof upon the convening of the Legislature in its next Special or Regular Session; be it further

Resolved, that said chairmen of said two Committees are hereby authorized to employ the necessary clerical and stenographic help to carry out the provisions of this resolution; be it further

Resolved, That the actual expenses, both hotel and traveling of said chairmen, and such members of the Committee as should be rendering service in compliance with this resolution, shall be paid out of the

contingent expense account of the House and Senate. The salary of said clerical and stenographic help shall also be paid out of the contingent expense fund of the House and Senate.

			\$51,566.89

Figures furnished me by the Warrant Clerk show that the total mileage and per diem paid on account of the Regular Session totaled \$295,965.26, which would bring the grand total to \$347,532.15. So far as I know this includes every item of expense, except some additional per diem for compiling, indexing and annotating House Manual and additional per diem for the Journal Clerk and Assistant Journal Clerk for completing the indexing, etc., and for printing of the permanent Journal of the House, which will probably not be less than \$5,000.00 nor more than \$7,000.00.

Respectfully submitted,
CLYDE W. WARWICK, Chairman.
